SUBJECT INDEX TO VOLUME 2, 1961

A case-finding tuberculosis survey in Singapore, 1958, heart disease from — — — — 3
A case of seminoma with unusual metastasis — — — — — — — — 38
A case of hyperparathyroidism with thyrotoxicosis — — — — — — — 67
A case of carcinoma of the liver eroding into the extrahepatic bile duct demonstrated by transhepatic cholangiography — — — — — — — — 154
A clinical survey in blood transfusion practice in Singapore — — — — — — 6
A five year followup of a Silicosis clinic — — — — — — — — — 48
Acute myocardial infarction, Nialamid during — — — — — — — — 138
Angioma, cerebral — — — — — — — — — — — — 27
Angioma, retinal, with cervical cord lesion — Report of a case — — — — — 70
Appendicitis — — — — — — — — — — — — — 148
A second case of a hairworm (Gordiacea) "Parasitic" in man in Malaya — — — — 78
Assessment of skin pigmentation by special deflection curve of Vitiligo skin before and after treatment — — — — — — — — — — — 111
Atom and man, of — — — — — — — — — — — — 119

Blood transfusion practice in Singapore, a clinical survey in — — — — — — 6

Caesarean section, clinical symposium on — — — — — — — — 99
Carcinoid syndrome — Report of a case in a Chinese — — — — — — — 15
Carcinoma of the liver, a case of, eroding into the extrahepatic bile duct demonstrated by transhepatic cholangiography — — — — — — — — 154
Cerebral angioma — — — — — — — — — — — — 27
Chondromyxoid fibroma of bone — — — — — — — — — — 65
Chronic otitis media with labyrinthitis right side proceeding on to meningitis. Chronic otitis media left side with cholesteatoma — — — — — — 29
Clinical symposium on caesarean section — Historical aspect; The current indications for caesarean section; The results of 500 consecutive caesarean section at the Kandang Kerbau Hospital, Singapore 1960 — — — — — — — 99
Consent to surgical operation — — — — — — — — — — 121

Editorial — — — — — — — — — — — 1, 42, 81, 119
Ethics, new problem in — — — — — — — — — — — 42

Fibroma, chondromyxoid, of bone — — — — — — — — — 65
Free medicine, the riddle of — — — — — — — — — — 81

Giant haemangioma with thrombocytopaenia and bleeding — — — — — — 44
Gonorrhoea in school children — — — — — — — — — — 30

Haemangioma, giant, with thrombocytopaenia and bleeding — — — — — — 44
Haemoglobinuria in Singapore children — — — — — — — — — 74
Haemorrhagic fevers in Singapore, recent studies of — — — — — — — 158
Hairworm (Gordiacea) "Parasitic" in man in Malaya, a second case of a — — — — 78
Heart disease from a case-finding tuberculosis survey in Singapore, 1958 — — — — 3

Infertility in Singapore, some problems of — — — — — — — — 18
Intestinal parasites in various communities in Singapore Island, the incidence of — — — 91
Leprosy in Singapore, ocular complications of — — — — — — — — 83

Nephrotic syndrome, treatment of the, in children with triamcinolone — — — — 58
New problem in ethics — — — — — — — — — — — 42
Nialamid during acute myocardial infarction — — — — — — — — 138
Non-gonococcal urethritis — — — — — — — — — — — 143

Ocular complications of leprosy in Singapore — — — — — — — — 83
Otitis media, chronic, with labyrinthitis right side proceeding on to meningitis. Chronic otitis media left side with cholesteatoma — — — — — — 29

Peptic ulcers — — — — — — — — — — — — — 127

Recent studies of haemorrhagic fevers in Singapore — — — — — — — 158
Retinal angioma with cervical cord lesion — Report of a case — — — — — — 70
Rupture of an upper abdominal aortic aneurysm into the duodenum with massive gastro-intestinal haemorrhage — A case report — — — — — — — 94

School children, gonorrhoea in — — — — — — — — — — 30
Seminoma with unusual metastosis, a case of — — — — — — — — 38
Severe whipworm infestation in children — — — — — — — — 34
Silicosis clinic, a five year followup of a — — — — — — — — — 48
Skin pigmentation, assessment of, by special deflection curve of Vitiligo skin before and after treatment — — — — — — — — — — — 111
Some problems in infertility in Singapore — — — — — — — — 18
Surgical operation, consent to — — — — — — — — — — 121
Survey, heart disease from a case-finding tuberculosis, in Singapore, 1958 — — — — 3
Survey, a clinical, in blood transfusion practice in Singapore — — — — — — 6

The incidence of intestinal parasites in various communities in Singapore Island — — — 91
The porritt questionary — — — — — — — — — — — 1
The riddle of free medicine — — — — — — — — — — 81
Treatment of the nephrotic syndrome in children with triamcinolone — — — — 58
Tuberculosis survey, heart disease from a case-finding, in Singapore, 1958 — — — — 3

Ulcers, peptic — — — — — — — — — — — — 127
Upper abdominal aortic aneurysm, rupture of, into the duodenum with massive gastro-intestinal haemorrhage — A case report — — — — — — — 94
Urethritis, non-gonococcal — — — — — — — — — — — 143

Whipworm infestation, severe, in children — — — — — — — — 34
