

SUBJECT INDEX TO VOLUME 3, 1962

ABO Blood Group Frequency Distribution of Singapore based on a Blood Donor Sample, The	3
Acquired Haemolytic Anaemia with Megaloblastic Anaemia	147
Acute Appendicitis with Pneumoperitoneum	196
Appendicitis, Acute, with Pneumoperitoneum	196
Acute Conjunctivitis, Demethylchlortetracycline in	98
Adenoma, Parathyroid	111
Aldosterone Antagonist (Spironolactone) as an Adjunct in the Management of Ascites in Cirrhosis of the Liver	182
Aortic Subvalvular Stenosis from Myocardial Hypertrophy	138
Ascites in Cirrhosis of the Liver, Aldosterone Antagonist (Spironolactone) as an Adjunct in the Management of	182
Asthmatic Problems, Local — A Clinical Study	78
Broncholethiasis in Singapore, The First Reported Case of	94
Candida Strains to Mycostatin, Aniline Dyes and Iodine, The Sensitivity of	30
Cardiac Arrest — A Report of Two Cases Treated Successfully by External Massage	142
Case of Parathyroid Osteodystrophy, A	25
Choleochus Cyst	149
Cyst, Choleochus	149
Close-up Photography in Clinicial Medicine, The use of	100
Comparison of the Toxicity of Decomposed and "Normal" Paraldehyde	178
Conjunctivitis, Acute, Demethylchlortetracycline in	98
Contact Laxative, A Clinical Trial of — Report of 250 Cases in a Surgical Unit	83
Corynebacterium Diphtheriae Strains isolated in Singapore, Investigations into the Groups and Virulence of	68
Demethylchlortetracycline in Acute Conjunctivitis	98
Dragons in the Nose — An Investigation of Tissue Removed from the Nose by Unqualified Persons in Singapore	16
Editorial	3, 62, 109, 155
Enzyme Estimation as an Aid to Diagnosis	34
Epistaxis, An Unusual Case off	137
Experimental Use of Heterologous Umbilical Vein Grafts as Aortic Substitutes, The	52
Extractor, The Vacuum — A Supplement to the Obstetric Forceps	44
Fall Out	58
"Gabbromicina" (Aminosidine Sulphate), A Note on the New Antibiotic	193
Haemolytic Anaemia, Acquired, with Megaloblastic Anaemia	147
Heterologous Umbilical Vein Grafts as Aortic Substitutes, The Experimental Use of	52
Incomplete Occlusion of the Internal Carotid Artery Treated by Thromboendarterectomy	20
Investigation into the Groups and Virulence of Corynebacterium Diphtheriae Strains isolated in Singapore	68
Local Asthmatic Problems — A Clinical Study	78
Lung Cancer in Singapore, Morbidity and Mortality from	169
Megaloblastic Anaemia, Acquired Haemolytic Anaemia with	147
Methohexital — A New Intravenous Barbiturate	50
Mongolian Fold, The	132
Morbidity and Mortality from Lung Cancer in Singapore	169
Myocardial Hypertrophy, Aortic Subvalvular Stenosis from	138

Nose, Dragons in the — An Investigation of Tissue Removed from the Nose by Unqualified Persons in Singapore	— — — — —	16
Occlusion, Incomplete, of the Internal Carotid Artery Treated by Thromboendarterectomy	— — — — —	20
Paraldehyde, A Comparison of the Toxicity of Decomposed and "Normal"	— — — — —	178
Parathyroid Adenoma	— — — — —	111
Parathyroid Osteodystrophy, A case of	— — — — —	25
Peritoneoscopy	— — — — —	120
Pneumoperitoneum, Acute Appendicitis with	— — — — —	196
Portal Vein Thrombosis: Thrombectomy and Porta-Caval Anastomosis with the use of a Graft	— — — — —	64
Purulent Meningitis with Adrenal Cortico-Steroids, The Treatment of	— — — — —	73
Sensitivity of Candida Strains to Mycostatin, Aniline Dyes and Iodine, The	— — — — —	30
Study of Tetanus Mortality, A	— — — — —	174
Tetanus Mortality, A Study of	— — — — —	174
Thrombosis, Portal Vein: Thrombectomy and Porta-Caval Anastomosis with the use of a Graft	— — — — —	64
Toxicity of Decomposed and "Normal" Paraldehyde, A Comparison of the	— — — — —	178
Treatment of Purulent Meningitis with Adrenal Cortico-Steroids, The	— — — — —	73
Umbilical Vein Grafts as Aortic Substitutes, The Experimental Use of Heterologous	— — — — —	52
Unqualified Persons in Singapore, An Investigation of Tissue Removed from the Nose by — Dragons in the Nose	— — — — —	16
Unusual Case of Epistaxis, An	— — — — —	137
Vacuum Extractor, The — A Supplement to the Obstetric Forceps	— — — — —	44
Vitiligo — A Review and Report of Treatment of 60 Cases in the General Hospital, Singapore, from 1954-1958	— — — — —	157
