

SUBJECT INDEX TO VOLUME 5, 1964

A case of lamellar corneal transplantation using preserved graft material	66
A preliminary survey of ABO blood group frequency in nasopharyngeal carcinoma in Chinese patients	93
A report of a case of ischiopagus tetrapus	125
A study of congenital talipes equino-varus	212
Abdominal causes of backache	176
Abortion	49
ABO blood group frequency in nasopharyngeal carcinoma in Chinese patients, a preliminary survey of	93
An unusual ecchondroma scapulae	130
Arthrodesis, sub-taloid extra-articular: A review of nearly a hundred cases — Preliminary report of its use in paralytic varus feet	168
Autopsy population of multiracial Singapore; demography and age-sex distribution of the	96
Backache, abdominal causes of	176
Clinical trial of P-1742 topical or fluperolone (9 fluoro-21 methyl prednisolone) in psoriasis	69
Compression of the spinal cord, non-traumatic, non-tuberculous	191
Congenital construction bands in Singapore	198
Congenital dislocation of the hip in Osaka, Japan, treatment of	158
Congenital nephrotic syndrome in a Chinese infant	105
Congenital Talipes equino-varus, a study of	212
Demography and age-sex distribution of the autopsy populations of multiracial Singapore	96
Displacement, malar-maxillary	145
Ecchondroma scapulae, an unusual	130
Editorial	1, 41, 91, 132
Experimental study of the injured ligament of the knee, the	187
Experimental surgery on reunion of amputated extremities	203
Fellow eye, the: Analysis of 50 cases of acute closed-angle glaucoma	82
Femoral neck fractures among the major racial groups in Singapore. Incidence patterns compared with Non Asian communities. No. 11	150
Fluid and electrolyte therapy in surgery: A rational approach	10
Fluorotic myelopathy, management of — preliminary report	208
Foreword	144
Fracture of the neck of the femur in children, some aspects of	179
Gonococci, penicillin resistant	38
Haemoglobin E thalassaemia, massive thoracic extramedullary haemopoiesis in a case of	122
Haemorrhagic fever, Singapore — A clinical review	73
Haemorrhage of the newborn, intraventricular — A pathological analysis of 49 cases	43
Hereditary cleido-cranial dysostosis. With a note on the anomaly of cementum	3
Hypnosis. medical use of	19
Infamous conduct in a professional respect	134
Infection of the ears and sinuses, intracranial suppuration following infection	27
Injured cruciate ligament of the knee, the experimental study of the	187
Intracranial suppuration following infection of the ears and sinuses	27
Intraventricular haemorrhage of the newborn — A pathological analysis of 49 cases	43
Intrauterine contraceptive device, pregnancy occurring in the presence of an — A report of two cases	88
Ischiopagus tetrapus, a report of a case of	125
Lamellar corneal transplantation using preserved graft material, a case of	66

Malar-maxillary displacement	145
Management of fluorotic myelopathy — Preliminary report	208
Massive thoracic extramedullary haemopoiesis in a case of haemoglobin E thalassaemia	122
Medical use of hypnosis	19
Metal cerclage in the treatment of fractures of long bones	216
Nephrotic syndrome in a Chinese infant, congenital	105
Neurofibromatosis, skull changes in	77
New management in post traumatic stiffness of the elbow and old unreduced dislocation of the elbow joint	220
Non-traumatic, non-tuberculous compression of the spinal cord	191
Other papers read at the First Orthopaedic Meeting, Singapore, June 1964, summaries of	225
P-1742 topical or fluperolone (9 fluoro — 21 methyl prednisolone) in psoriasis, clinical trial of	69
Penicillin resistant gonococci	38
Post traumatic stiffness of the elbow and old unreduced dislocation of the elbow joint, new management in	220
Pregnancy occurring in the presence of an intrauterine contraceptive device — a report of two cases	88
Professional respect, infamous conduct in a	134
Psoriasis, clinical trial of P-1742 topical or fluperolone (9 fluoro — 21 methyl prednisolone) in	69
Rarity of sarcoidosis in Malaysia — Report of a case	115
Report on a simple test for pregnancy (Ortho-gravindex pregnancy test)	111
Reunion of amputated extremities, experimental surgery on	203
Sarcoidosis in Malaysia, rarity of — Report of a case	115
Simple test for pregnancy (Ortho-gravindex pregnancy test), report on a	111
Singapore haemorrhagic fever — A clinical review	73
Skull changes in neurofibromatosis	77
Some aspects of fracture of the neck of the femur in children	179
Some aspects of traumatic dislocation of the hip	206
Sub-taloid extra-articular arthrodesis: A review of nearly a hundred cases — Preliminary report of its use in paralytic varus feet	168
Summaries of other papers read at the First Orthopaedic Meeting, Singapore, June 1964	225
The experimental study of the injured cruciate ligament of the knee	187
The fellow eye: Analysis of 50 cases of acute closed-angle glaucoma	82
The uses and abuses of contact lenses	32
Traumatic dislocation of the hip, some aspects of	206
Treatment of congenital dislocation of the hip in Osaka, Japan	158
Treatment of fractures of long bones, metal cerclage in the	216
Uses and abuses of contact lenses, the	32
Wound infection — Its incidence in a surgical ward in the Singapore General Hospital	25
