

# SUBJECT INDEX TO VOLUME 12, 1971

(Compiled by the Medical Library, University of Singapore)

|  | Page |  | Page |
|--|------|--|------|
| Abortion Act, 1969; review of first year's experience (S. B. Kwa, <i>et al</i> )   | 250  | Gonorrhoea treatment, rational basis for (R. S. Morton and Y. O. Leong)  | 86   |
| Abortion (Induced) by intrauterine injection of 20% saline (M. C. E. Cheng and S. S. Ratnam)   | 259  | Gronblad-Strandberg syndrome (C. H. Tay)   | 304  |
| Abortion in Singapore, mortality and morbidity (M.C.E. Cheng, <i>et al</i> )   | 256  | Gynaecomastia in hyperthyroidism (J. S. Cheah)   | 241  |
| Acute urinary suppression, clinical management (P. H. Feng and J. A. Tambyah)  | 346  | Hemodialysis, maintenance (P. H. Feng, <i>et al</i> )  | 173  |
| Alcoholism in Singapore (O. T. Khoo and P. Fernandez)  | 154  | Hepatic encephalopathy (acute and chronic) treatment by Lactulose (W. P. Fung and O. T. Khoo)                          | 176  |
| Anti-microbial agents, susceptibility of 168 strains of Salmonellae to (E. H. Sng and S. Lim)  | 8    | Hypersensitivity reactions to primary antituberculous drugs in Singapore (K. C. Ng, <i>et al</i> )                     | 101  |
| Antibodies to cytomegalovirus and other members of the Herpes group in women and children in Singapore (E. H. Sng and J. O'H. Tobin) | 223  | Hyperthyroidism, Gynaecomastia in (J. S. Cheah)  | 241  |
| Antituberculous drugs (primary), hypersensitivity reactions (K. C. Ng, <i>et al</i> )  | 101  | Immunodiagnosis of parasitic infections (M. Singh and H. E. Yap)   | 296  |
| Arteritis of aorta and its major branches (M. B. Ghosh and B. L. Chia)   | 217  | Incidence rates for microscopically diagnosed cancer in the Singapore population 1960-1964 (C. S. Muir, <i>et al</i> ) | 323  |
| Association, profession, adaptation (Y. Cohen)   | 121  | Intrauterine injection of 20% saline for inducing abortion (M. C. E. Cheng and S. S. Ratnam)                           | 259  |
| Atropine infusion (Continuous) in the management of organophosphorus insecticide poisoning (L. S. Chew, <i>et al</i> )               | 80   | Ketamine (CI-581), Clinical use (G. T. Law and C. Gunn)  | 110  |
| Australia Antigen in Singapore (Y. W. Ong, <i>et al</i> )  | 189  | Klinefelter's syndrome, Paranoid psychosis in (S. K. Teo and J. S. Cheah)  | 244  |
| Brain drain (Editorial, A. L. Gwee)  | 56   | Lactulose treatment of acute and chronic hepatic encephalopathy (W. P. Fung and O. T. Khoo)                            | 176  |
| Cancer incidence rates in the Singapore population 1960-1964 (C. S. Muir, <i>et al</i> )   | 323  | Leiomyosarcoma of kidney (S. K. Lee and L. F. Tinckler)  | 114  |
| Cerebral aneurysms with intracranial arteriovenous malformations (C. L. Oon, <i>et al</i> )  | 71   | Lingual thyroids (E. H. Goh)   | 46   |
| Cerebral diseases, electrocardiographic changes (B. L. Chia, <i>et al</i> )  | 341  | Lower limb, measurement of length (V. K. Pillay)   | 144  |
| Cerebrovascular disease (A. L. Gwee)   | 57   | Lung function measurements in adult Chinese, prediction nomograms (J. L. Da Costa and B. K. Goh)                       | 193  |
| Chinese diabetic patients, cause and treatment of their ill-health, beliefs and practices (F. S. Soong)                              | 309  | Lupus erythematosus, systemic (C. H. Tay and O. T. Khoo)   | 92   |
| Chinese writing disturbance (A. L. Gwee)   | 64   | Malaria outbreak at Pulau Tekong, Singapore (K. L. Chan, <i>et al</i> )  | 276  |
| Chloroquine resistant malaria in children from a Chinese albino family (F. M. Paul and M. J. Colbourne)                              | 147  | Malarial infection in Singapore, present trend (K. K. Toh and K. L. Yeo)   | 2    |
| Conjunctivitis (Epidemic) in Singapore, 1970 (K. H. Lim and M. Yin-Murphy)   | 247  | Massive T wave inversion (B. L. Chia, <i>et al</i> )   | 210  |
| Constitution and coronary heart disease (O. Elliot)  | 333  | Mortality and morbidity from abortion in Singapore, changing trends (M.C. E. Cheng, <i>et al</i> )                     | 256  |
| Cornea, retransplantation (A. S. M. Lim)   | 33   | Mortality following emergency partial gastrectomy for Gastro-Duodenal haemorrhage (W. H. Chua and J. E. Choo)          | 170  |
| Cruveilhier-Baumgarten Syndrom (W. P. Fung, <i>et al</i> )   | 42   | Nail-patella syndrome (C. S. Koh and C. L. Oon)  | 300  |
| Cytomegalovirus and other members of Herpes group in women and children in Singapore, Antibodies (E. H. Sng and J. O'H. Tobin)       | 223  | Nephrotic syndrome, selectivity of proteinuria (C. H. Tay, <i>et al</i> )  | 233  |
| Debrisoquine sulphate (B. T. M. Chen)  | 106  | Nomograms for lung function measurements in adult Chinese (J. L. Da Costa and B. K. Goh)                               | 193  |
| Dementia paralytica in mental hospital (B. H. Chia and W. F. Tsoi)   | 264  | Onycho-osteodysplasia (C. S. Koh and C. L. Oon)  | 300  |
| Diabetics (New) in Singapore (P. Lim and O. T. Khoo)   | 319  | Organophosphorus insecticide poisoning, atropine infusion in (L. S. Chew, <i>et al</i> )                               | 80   |
| Drug risk and safety (Editorial, A. L. Gwee)   | 1    | Pacinian corpuscle of slow loris, multiple innervation (R. Kanagasuntheram, <i>et al</i> )                             | 199  |
| Effects of oxygen and acetylcholine on pulmonary circulation in ventricular septal defect (T. F. Loh and L. K. T. Tan)               | 127  | Paranoid illness in private practice, study of (B. H. Chia)  | 271  |
| Emergency Unit—Outram Road General Hospital, organisation (W. G. S. Fung)  | 37   | Paranoid psychosis in Klinefelter's syndrome (S. K. Teo and J. S. Cheah)   | 244  |
| Ethambutol/INH in treatment of pulmonary tuberculosis (K. C. Ng)   | 161  | Personality, physiological basis of (G. R. Wadsworth)  | 237  |
| Gastrectomy for gastro-duodenal haemorrhage, mortality (W. H. Chua and J. E. Choo)   | 170  | Peutz-Jeghers syndrome (C. H. Tay and O. T. Khoo)  | 50   |
| General paralysis of the insane (Dementia Paralytica) in mental hospital (B. H. Chia and W. F. Tsoi)                                 | 264  | Physical indices in Outward Bound School candidates (L. S. Chew, <i>et al</i> )  | 205  |
| Glycosuria in 28,765 young men in the population in Singapore, prevalence and causes (J. S. Cheah, <i>et al</i> )                    | 314  | Poisoning, organo-phosphorus (T. C. Chao)  | 77   |

|  | Page |   | Page |
|--|------|---|------|
| Posterior partial fractures in infancy and early childhood (C. L. Oon and S. F. Yu) - - - -          | 13   | Thiothixene in acute newly admitted schizophrenic patients, clinical evaluation (P. W. Ngui and S. H. Teo) - - - - -          | 227  |
| Proteinuria selectivity in nephrotic syndrome (C. H. Tay, <i>et al</i> ) - - - - -                   | 233  | Thyrotoxicosis, Radioactive iodine therapy (J. S. Cheah) - - - - -  | 138  |
| <i>Pseudomonas pseudomallei</i> in surface water of Singapore (R. N. T. Thin, <i>et al</i> ) - - - - | 181  | Trans-Crico-Thyroid bronchography with long polyethylene catheter (A. Galanti and W. K. Wong) -                               | 24   |
| Renal biopsies analysis (B. T. M. Chen) - - -  | 166  | Tuberculosis (Pulmonary) treatment by Ethambutol/INH (K. C. Ng) - - - - -   | 161  |
| Retina, separation (detachment) (R. C. K. Loh) -   | 28   | Vagotomy assessment by insulin test (W. P. Fung)  | 291  |
| Salmonellae susceptibility of 168 strains to eleven anti-microbial agents (E. H. Sng and S. Lim) -   | 8    | Ventricular septal defect (Pulmonary circulation), effects of oxygen and acetylcholine (T. F. Loh and L. K. T. Tan) - - - - - | 127  |
| Sick sinus syndrome (B. L. Chia, <i>et al</i> ) - - -  | 284  | Wolff-Parkinson-White syndrome simulating myocardial infarction (M. B. Ghosh and B. L. Chia)                                  | 183  |
| Systemic Lupus Erythematosus, neurological involvement (C. H. Tay and O. T. Khoo) - - - -            | 18   | X-rays in Singapore (F. Y. Khoo) - - - - -  | 350  |
| Teratoma of the thymus in a child (M. Y. Dawood)   | 186  |   |      |
