

# SUBJECT INDEX TO VOLUME 14, 1973

(Compiled by the Medical Library, University of Singapore)

	Page		Page
A-V block localization by His Bundle recordings and its clinical significance (R. P. Javier & O. S. Narula) - - -	249	Cardiac pacing after myocardial infarction in the presence of bundle branch block (B. M. Kennelly et al) - - -	265
A-V conduction disturbance: its pathophysiology and pharmacology (Y. Watanabe) - - -	249	Cardiac pacing in the management of the sick sinus syndrome (S. H. Wan et al) - - -	320
A-V conduction pathways (Accessory), Structure and function of (T. Sano et al) - - -	242	Cardiac pacing system (New inexpensive) (J. D. McArthur et al) - - -	435
Attitude hypoxia on myocardial metabolism, Effect of (S. C. Manchanda et al) - - -	349	Cardiac surgery in infancy (G. Graham) - - -	260
Ammonia metabolism in pulmonary heart disease (A. Valero et al) - - -	311	Cardiac syncope in patients with sinus rhythm (E. Sandoe et al) - - -	312
Angina pectoris (Severe), medical versus surgical intervention and the natural history of (H. I. Russek) - - -	387	Cardiogenic shock (H. J. C. Swan) - - -	272
Antiarrhythmic drugs following myocardial infarction, Prophylactic use of (R. R. H. Lovell et al) - - -	211	Cardiomyopathy, Current classification and spectrum of (J. F. Goodwin) - - -	358
Antiarrhythmic drugs in acute myocardial infarction, Prophylactic use of (E. K. Chung) - - -	205	Cardiomyopathy (Hypertrophic), Genetics in (L. H. S. Van Mierop) - - -	273
Aorta, Use and fate of long prosthetic bypass grafts of (P. K. Sen) - - -	198	Cardiomyopathy (Hypertrophic) and beta-adrenergic blocking agents (C. M. Oakley) - - -	408
Arterial line embolism, Prevention of (H. Manabe) - - -	465	Cardiomyopathy in the Syrian golden hamster, Biochemical basis of (K. G. Nair) - - -	369
Arterial occlusive disease (Associated) in coronary arterial disease, Surgical considerations of (M. E. De Bakey) - - -	390	Cardiovascular and cerebrovascular diseases in Kyushu, Japan (N. Kimura) - - -	230
Asthmatic patients and new sympathomimetic betareceptor stimulating drugs (J. L. Da Costa & B. K. Goh) - - -	120	Cardiovascular diseases, Prevention of (Z. Feifar) - - -	150
Atherosclerotic heart disease among the Druzes in Israel (G. Manelis & S. Shasha) - - -	234	Cardiovascular epidemiology—a study in New Guinea (P. Sinnett) - - -	241
Atrial fibrillation in the Wolff-Parkinson-White Syndrome (M. H. L. Yap) - - -	494	Cardiovascular epidemiology in Polynesians in the Pacific (I. Prior) - - -	223
		Cataracts (Soft), Aspiration of (K. H. Lim) - - -	90
Beta-adrenergic blockade in ischaemic heart disease (E. Kimura) - - -	403	Catecholamine metabolism in myocardial infarction (Y. Ueba et al) - - -	351
Beta-adrenergic blocking agents in hypertrophic cardiomyopathy (HOCM) (C. M. Oatley) - - -	408	Catecholamines in experimental coronary occlusion, Selective release of (K. K. F. Ng et al) - - -	353
Beta adrenergic receptor blocking drugs, Mechanism of action and pharmacological classification of (B. N. Singh) - - -	400	Cerebrovascular and cardiovascular diseases in Kyushu, Japan (N. Kimura) - - -	230
Beta blockade in supra-ventricular arrhythmias (J. Vohra et al) - - -	404	Chinese spirit mediumship (J. I. Teoh) - - -	55
Bifocal demand pacing (L. Lemberg et al) - - -	222	Cholera in early Singapore (1819-1849) (Y. K. Lee) - - -	42
Bifocal demand pacing (B. V. Berkovits et al) - - -	316	Congenital heart disease, Genetics in (L. H. S. Van Mierop) - - -	273
Bone marrow (Intrathoracic heterotopic) simulating a neoplasm (Y. S. Lee and N. E. Wong) - - -	536	Congenital heart disease, Prevention of (H. B. Wong) - - -	137
Bradykinin level changes in coronary sinus blood after experimental coronary occlusion (K. Hashimoto et al) - - -	356	Congenital heart disease (Complex cyanotic), Surgical prospects in (B. Barratt-Boyes) - - -	179
Bronchodilatory and circulatory effects of subcutaneous terbutaline (J. L. Da Costa & B. K. Goh) - - -	120	Congenital heart disease (Complex cyanotic), Surgical prospects in (A. M. Venables) - - -	185
Bundle branch block, Cardiac pacing after myocardial infarction in the presence of (B. M. Kennelly et al) - - -	265	Cor pulmonale (Chronic), Haemodynamic disturbances in patients with (J. Mise) - - -	304
		Coronary arterial disease, Surgical considerations of associated arterial occlusive disease in (M. E. De Bakey) - - -	390
Cancer in Singapore (K. Shanmugaratnam) - - -	69	Coronary arteries in children (H. N. Neufeld) - - -	337
Cardiac death (Acute) of unknown etiology in Japan (S. Yoshimura & H. Osada) - - -	298	Coronary care (Pre-hospital): the role of a rapid response mobile intensive coronary care system (L. A. Cobb) - - -	451
Cardiac infarction in young patients, Angiographic findings of (P. A. Valentine et al) - - -	341	Coronary care unit (Mobile) (L. Miura & S. Hosoda) - - -	154
Cardiac pacemaker (Implanted artificial) in a man-machine complex system (M. Hori) - - -	439	Coronary care unit (Mobile) (J. F. Pantridge) - - -	164
Cardiac pacemakers, Future power sources for (J. E. Cheatham) - - -	433	Coronary care unit (Mobile) (L. A. Cobb) - - -	451
		Coronary disease in young men (R. B. Blacket & B. Leelarthapin) - - -	344
		Coronary heart disease, Genetics of (A. J. Palmer & R. B. Blacket) - - -	282
		Coronary heart disease, Sudden unexpected death as the initial manifestation of (J. L. Titus et al) - - -	291
		Coronary heart disease in Japanese men living in Japan, Hawaii, and California, Epidemiology of (A. Kagan et al) - - -	241

	Page		Page
Coronary heart disease in the young, Predictive factors for (O. Paul & R. Siegel) - - -	339	Hyper-beta-lipoproteinaemia (Familial) in a Chinese family (P. C. Teoh) - - -	124
Coronary Occlusion (Experimental), changes in bradykinin level in coronary sinus blood after (K. Hashimoto et al) - - -	356	Hypercholesterolaemia (Familial) in a Chinese family (P. C. Teoh) - - -	124
Coronary occlusion (Experimental), Selective release of catecholamines in (K. K. F. Ng et al) - - -	353	Hyperlipoproteinemia (Neonatal familial type II) (G. Schettler) - - -	334
Coronary rehabilitation centre, Organisation of (D. E. Anderson) - - -	370	Hyperparathyroidism (Secondary) in uraemic patients on chronic haemodialysis (Y. K. Lim) - - -	99
Corrective versus palliative surgery in the infant age group (P. Clarke) - - -	443	Hypertension, Autonomic and vascular mechanism in (A. E. Doyle) - - -	391
Cyanotic heart disease repair in infancy with hypothermic perfusion and circulatory arrest (T. B. Cartmil et al) - - -	254	Hypertension, Current trends in the treatment of (J. Raftos) - - -	395
		Hypertension, Practolol in (M. Esler & P. J. Nestel) - - -	410
Death (Sudden) (D. T. Kelly) - - -	300	Hypertension, Prevention in (H. Ueda) - - -	147
Death (Sudden): definition and the problem of intervention (M. F. Oliver) - - -	290	Hypertension (Severe), Cardiac involvement in (A. J. Barnett & F. G. Silberberg) - - -	397
Death (Sudden unexpected) as the initial manifestation of coronary heart disease (J. L. Titus et al) - - -	291	Hypertension and its treatment in an Australian community (R. J. Prineas et al) - - -	429
Deaths (Pre-hospital) due to ischaemic heart disease (T. C. Chao) - - -	294	Hypertension in twins (G. Mimura) - - -	278
Decompression sickness, Management of delayed cases of (G. Chan & J. How) - - -	532	Hypertension (Spontaneous) in rats versus essential hypertension in man (Y. Yamori & K. Okamoto) - - -	393
Demand and bifocal demand pacing (L. Lemberg et al) - - -	222	Hypertensive chinese men (middle-aged), Effect of anti-hypertensive therapy on post-exercise ST segment depression in (B. N. Chiang & J. B. Lee) - - -	399
Drug therapy, Rationale of (E. K. Chung) - - -	325	Hypothermia (Profound)—Technical aspects (B. Barratt—Boyes) - - -	445
		Hypothermic perfusion and circulatory arrest in repair of cyanotic heart disease in infancy (T. B. Cartmill et al) - - -	254
ECG Processing (Computerized) in exercise test (S. Yasui) - - -	425	Hypothermic surgery (Profound), Post-operative management and complications following (J. M. Neutze et al) - - -	256
Endomyocardial biopsy in idiopathic cardiomyopathy (T. Takatsu) - - -	366	Hyperthyroidism in pregnancy (P. C. T. Chew et al) - - -	95
Endomyocardial fibrosis (U. Basile et al) - - -	368	Hypertonic peritoneal dialysis and abnormal insulin response in a uraemic patient (P. H. Feng) - - -	65
Endotracheal tube in the Malaysian Paediatric patient (A. E. Delikan) - - -	26	Hypertrophic cardiomyopathy, Genetics in (R. Emanuel et al) - - -	276
Enucleation in West Malaysia, Causes of (S. Chandran) - - -	497		
Epidemic conjunctivitis—discovery of a new aetiological agent (K. H. Lim) - - -	82	Idiopathic cardiomyopathy and endomyocardial biopsy (T. Takatsu) - - -	366
Epidemic conjunctivitis in Singapore in 1970 and 1971 (K. H. Lim & M. Yin Murphy) - - -	86	Insane, Serological studies on general paralysis of (K. H. Wee et al) - - -	117
Encephalopathy (Lead) (H. C. Chan & K. E. Tan) - - -	133	Insulin response (Abnormal) in a uraemic patient treated with hypertonic peritoneal dialysis (P. H. Feng) - - -	65
Eye removal, Absolute indications for (K. H. Lim) - - -	9	Intelligence and personality data of Singapore medical students (F. Y. Long) - - -	34
		Intra-amniotic injection of prostaglandins E <sub>2</sub> and F <sub>2a</sub> in the termination of mid-trimester pregnancy (A. Y. H. Ng et al) - - -	490
Fallot's tetralogy (H. D. Sutherland) - - -	172	Intracardiac repair for single or common ventricle (T. Arai et al) - - -	187
Fallot's tetralogy—Natural history (T. F. Loh et al) - - -	169	Intracardiac surgery using profound hypothermia (M. F. O'Brien) - - -	252
Fallot's tetralogy, Development aspects of (L. H. S. Van Mierop) - - -	166	Intrathoracic heterotopic bone marrow simulating a neoplasm (Y. S. Lee & N. E. Wong) - - -	536
Fallot's tetralogy, long-term results of corrective surgery for (K. Asano) - - -	178	Intraventricular Block (S. Toyama & K. Suzuki) - - -	245
Femur, Eccentricity of the head of (C. K. Tan) - - -	501	Ischaemic arrest, Protection of the myocardium during (W. D. Johnson) - - -	450
Femur (Chinese), Some characteristics of (C. K. Tan) - - -	505	Ischaemic heart disease, Beta-adrenergic blockade in (E. Kimura) - - -	403
		Ischaemic heart disease, Influence of successful saphenous vein grafting on the spectrum of abnormal left ventricular function in (J. W. Kennedy et al) - - -	384
Gastric lymphoma diagnosed by gastroscopy and gastric biopsy (W. P. Fung & S. K. Lee) - - -	541	Ischaemic heart disease, Pre-hospital deaths due to (T. C. Chao) - - -	294
General Hospital in early Singapore (1819-1829) (Y. K. Lee) - - -	37	Ischaemic heart disease, Protective role of physical activity in (B. N. Chiang) - - -	383
General Hospital in early Singapore (1830-1839) (Y. K. Lee) - - -	519		
Haemodynamic disturbances in patients with chronic cor pulmonale (J. Mise) - - -	304		
Hand growth after X-ray therapy, Failure of (Y. S. Goh & T. H. Khor) - - -	19		
Hearing loss in Singapore school children (P. Y. Tan et al) - - -	130		
Heart disease, Screening methods in (G. Rose) - - -	423

Milk feeding (Prolonged) (K. L. Chua & C. S. Seah) - - -	29	Penicillin anaphylactic reactions (Fatal), Implications of (G. S. Horne) - - -	467
Mobile coronary care unit (I. Miura & S. Hosoda) - - -	154	Percutaneous catheterization in infants and newborns (J. Endrys et al) - - -	250
Mobile coronary care unit (J. F. Pantridge) -	164	Percutaneous transhepatic cholangiography (S. F. Yu et al) - - -	13
Mobile coronary care unit (Modified) (M. F. O'Rourke) - - -	450	Perfusion problems in infants (S. Sakakibara) -	448
Myocardial energy metabolism during exercise in patients with circulatory diseases (I. Seksi & H. Akioka) - - -	347	Personality and intelligence data of Singapore medical students (F. Y. Long) - - -	34
Myocardial infarction, Assessing the value of early rehabilitation after (D. E. Anderson & E. Schiller) - - -	372	Plasma transferrin in Singapore women during pregnancy (L. L. Chang et al) - - -	477
Myocardial infarction, Physical training programme for (F. Katayama) - - -	379	Post-operative management and complications following profound hypothermic surgery (J. M. Neutze et al) - - -	256
Myocardial infarction, Prophylactic use of anti- arrhythmic drugs following (R. R. H. Lovell) - - -	211	Practolol in hypertension: reduction in sympa- thetic nervous and renin responses (M. Esler & P. J. Nestel) - - -	410
Myocardial infarction, Surgery for the com- plications of (G. R. Stirling & E. Cooper) -	217	Pregnancy (Mid-trimester) termination by intra-amniotic injection of prostaglandins E <sub>2</sub> and F <sub>2a</sub> (A. Y. H. Ng et al) - - -	490
Myocardial infarction, Surgery of the com- plications (other than angina) following (D. N. Ross) - - -	214	Pregnancy termination by vacuum aspiration (A. Y. H. Ng & S. S. Ratnam) - - -	23
Myocardial infarction (Acute), Prognosis in (R. M. Norris) - - -	271	Pre-infarction syndrome (G. Sloman) - - -	151
Myocardial infarction (Acute), Prophylactic use of anti-arrhythmic drugs in (E. K. Chung) - - -	205	Pre-infarction syndrome (J. W. Hurst) - - -	164
Myocardial infarction (Acute), Ventricular fibrillation in (G. Sloman et al) - - -	268	Prostaglandins E <sub>2</sub> and F <sub>2a</sub> in the termination of mid-trimester pregnancy (A. Y. H. Ng et al) - - -	490
Myocardial infarction and cardiac pacing (B. M. Kennelly et al) - - -	265	Prostatectomy (Trans-urethral) (S. L. Yong) -	104
Myocardial infarction and catecholamine metabolism (Y. Ueba et al) - - -	351	Prosthetic bypass grafts (Long) of the aorta, Use and fate of (P. K. Sen) - - -	198
Myocardial infarction patient, Psychological rehabilitation of (L. F. Bishop) - - -	381	Prosthetic valve replacement in children (R. L. Van der Horst et al) - - -	420
Myocardial infarction patients. Training pro- gramme for (K. K. Datey & C. P. Dalvi) -	376	Pulmonary heart disease, Ammonia metabolism in (A. Valero et al) - - -	311
Myocardial infarction shock, Mechanism and treatment of (D. T. Mason) - - -	261	Pulmonary heart diseases, Role of pulmonary hypertension, hypoxaemia and right ventri- cular hypertrophy on the right heart fai- lure in (T. Satake et al) - - -	306
Myocardial metabolism, Effect of altitude hypoxia on (S. C. Manchanda et al) -	349	Pulmonary hypertension, hypoxaemia and right ventricular hypertrophy on the right heart failure in pulmonary heart diseases, Role of (T. Satake et al) - - -	306
Myocardial revascularization, Criteria for selection of patients for (H. J. C. Swan) -	158	Pulmonary hypertension with special reference to filariasis and its management (I. Obeyesekere) - - -	311
Myocardial revascularisation Evolution of present techniques for (W. D. Johnson) -	390	Pulmonary vascular disease, Pathological classification of (C. A. Wagenvoort) -	302
Myocardial revascularisation (Emergency) (M. H. Yacoub) - - -	390		
Myocardium during ischaemic arrest, Protection of (W. D. Johnson) - - -	466		
		Red cell enzyme groups among Chinese and Malays in Singapore, Distribution of (N. M. Blake et al) - - -	2
Neonatal familial type 11 hyperlipoproteinemia (G. Schettler) - - -	334	Rheumatic fever, Prevention of (A. M. Davies - et al) - - -	142
Neonatal tetanus in Singapore 1960-1970 (A. J. Chen) - - -	111	Rheumatic fever and juvenile rheumatic heart disease in Taiwan (H. C. Lue et al) - - -	415
		Rheumatic fever and rheumatic heart disease in an isolated community in Thailand (P. Podhileux et al) - - -	422
Paced patients, Long term follow-up of (M. Hori) - - -	441	Rheumatic fever and rheumatic heart disease in Japan, Changing pattern of (Y. Shiokawa) - - -	411
Pacemaker implantation in symptomatic heart block (J. H. Yahini et al) - - -	222	Rheumatic fever in Delhi, Epidemiology and prophylaxis of (S. Padmavati et al) -	457
Palliative versus corrective surgery in the infant age group (P. Clarke) - - -	443	Rheumatic fever in Jerusalem, Problems in the primary prevention of (A. M. Davies et al) - - -	454
Palmar dermatoglyphics in heart disease (T. Takashina & K. Nakamura) - - -	287		
Paralysis (General) of the insane, Serological studies on (K. H. Wee et al) - - -	117
