

**SUBJECT INDEX TO VOLUME 23, 1982**

(Indexed by the Medical Library, National University of Singapore)

Acute appendicitis — examination .....	265	Enflurane .....	26
Acute mitral regurgitation .....	291	Falciparum malaria resistant to Fansidar .....	37
Acute myelofibrosis (Myelosclerosis) .....	46	Fansidar (Sulphadoxine-Pyrimethamine) and falciparum malaria .....	37
Acute myocardial infarction and the Wolff-Parkinson-White syndrome .....	236	Food poisoning .....	214, 218
Acute nephritis and cortical blindness .....	116	Foreskin among Chinese children .....	93
Acute viral hepatitis .....	90	Fungal keratitis .....	42
Adenopathy .....	279	Genital ulcers and polymicrobial aetiology .....	207
Aggranulocytosis and allopurinol-induced skin reactions .....	178	Glucose tolerance tests .....	247
Allopurinol-induced skin reactions and aggranulocytosis .....	178	Haemolytic anaemia .....	275
Anorexia nervosa .....	255	Haemophilia, Acquired .....	328
Arterial occlusive disease — diagnosis .....	194	Hepatitis .....	90
Artificial insemination with donor semen .....	198	Histamine and bronchial responsiveness .....	306
Aspergillus infection of the cornea .....	42	Hyperthyroidism .....	273
Augmentation mammoplasty for the male transsexual .....	107	Hypoglycaemia in neonates — diagnosis with reflectance colorimeter .....	22
Autoimmune haemolytic anaemia .....	275	Infectious mononucleosis syndrome (Childhood) — etiology .....	140
Bacillus cereus food poisoning .....	214	Intracranial abscess due to Streptococcus milleri ...	33
Bacteriuria after cystoscopy .....	315	Kidney donation .....	335
Bilateral hilar adenopathy .....	279	Leucocyte counts of peripheral blood .....	73
Bone scan .....	61	Levamisole and human lymphocytes in vitro .....	80
Brain death .....	240	Lithium and the solitary thyroid nodule .....	285
Bronchial responsiveness to histamine .....	306	Lithium in recurrent treatment of recurrent affective disorders .....	262
Bulimia nervosa .....	287	Magnesium in hyperthyroidism .....	273
Calcium antagonists in cardio-vascular therapy .....	121	Male transsexual — augmentation mammoplasty ...	107
Carbohydrate utilization test for identification of pathogenic Neisseria .....	30	Malignant insulinoma .....	39
Cardiac arrhythmias — termination with intravenous disopyramide .....	185	Masked depression .....	220
Cardiovascular therapy and calcium therapy .....	121	Medical rehabilitation .....	52
Cavernous haemangioma of the liver .....	49	Myofascial pain dysfunction syndrome .....	97
Cellular immunological dysfunction in systemic lupus erythematosus .....	12	Nail calcium, phosphate and magnesium in hyperthyroidism .....	273
Chlorpromazine induced T wave and QT alternans ..	110	Neurogenic bladder in spinal cord lesions .....	168
Chronic leg ulcers in systemic lupus erythematosus — treatment .....	171	Neurological lesions produced by Coxsackie virus infections .....	311
Chronic pain, Relief of .....	322	Ocular sarcoidosis .....	181
Clinical trials and survival analysis .....	164	Oral anticoagulant therapy — resistance .....	114
Clotting and surface-immunoglobulin D of B-lymphocytes .....	144	Oral glucose tolerance tests .....	247
Congenital heart disease .....	133	Organ donation .....	341
Coronary artery aneurysm in infancy .....	174	Paraplegics .....	232
Coronary artery bypass surgery, assessing patients for .....	184	Pathogenic Neisseria — identification .....	30
Cortical blindness complicating acute nephritis .....	116	Peripheral blood — leucocyte counts .....	73
Coxsackie virus infections producing neurological lesions .....	311	Phosphate and magnesium in hyperthyroidism .....	273
Curettement and spontaneous uterine rupture .....	283	Platelet aggregation (Increased) in diabetes mellitus	152
Depression, Masked .....	220	Polymicrobial aetiology of genital ulcers .....	207
Diabetes mellitus and increased platelet aggregation	152	Probucof — a new hypocholestromaemic agent .....	191
Dialysis and transplantation .....	338	Prostatic carcinoma .....	269
Disopyramide in termination of cardiac arrhythmias .	185	Rectal examination in acute appendicitis .....	265
D-Penicillamine and levamisole and human lymphocytes in vitro .....	80	Recurrent affective disorders — treatment .....	262
Dying .....	128	Red staining of skin due to contaminated methyl ethyl ketone .....	156
End stage renal disease (ESRD) management .....	1, 4	Reflectance colorimeter in diagnosis of hypoglycaemia .....	22
		Resistance to oral anticoagulant therapy .....	114
		Rheumatoid arthritis .....	243, 344
		The right to die .....	128
		Right ventricular infarction .....	102

Salmonella hadar food poisoning .....	218	infection .....	147
Salmonella infection in systemic lupus erythematosus .....	147	Tardive dyskinesia in chronic schizophrenic inpatients .....	19
Semen (Donor) in artificial insemination .....	198	Technetium — 99M methylenediphosphonate bone scan .....	61
Speech and language disorders in the stroke patient	226	Thrombocytopenic purpura and acute myelofibrosis	46
Spinal cord lesions and neurogenic bladder .....	168	Thyroglossal cysts .....	318
Spontaneous uterine rupture .....	283	Thyroid nodule .....	285
Standardised mortality ratios for some cancer sites among the main ethnic and Chinese dialect groups	85	Tonsil, Malignancy of .....	325
Static weight control in late pregnancy .....	201	Transcutaneous electrical nerve stimulation .....	322
Streptococcus milleri and intracranial abscess .....	33	Transplantation and dialysis .....	338
Stroke patient — speech and language disorders ...	226	Tuberculosis chemotherapy .....	55
Suicidal behaviour .....	299	T wave and QT alternans induced by chlorpromazine	110
Suicide by psychiatric patients .....	252	Uterine rupture, Spontaneous .....	283
Surface-IgD of B-lymphocytes .....	331	Vermiform appendix in acute appendicitis .....	265
Surface-immunoglobulin D of B-lymphocytes and clotting .....	144	Weight control (Static) in late pregnancy .....	201
Systemic lupus erythematosus and cellular immunological dysfunction .....	12	Wolff-Parkinson-White syndrome and acute myocardial infarction .....	236
Systemic lupus erythematosus and salmonella infection .....		Zinc in treatment of chronic leg ulcers .....	171
