

**SUBJECT INDEX TO VOLUME 24, 1983**  
(Compiled by the Medical Library, National University of Singapore)

	Page		Page
Abdominal and chest wounds .....	337	Eczema (atopic) and topical sodium cromoglycate	
Abdominal delivery and urinary tract infection .....	224	cream .....	102
Adenocarcinoma-in-situ of the cervix .....	377	Endorphins in clinical medicine .....	235
Adenocarcinoma of the lung and meningeal		Enuresis in children .....	363
carcinomatosis .....	163	Euthanasia and suicide .....	241
Adrenergic and cholinergic regulation of immediate type		Expiratory flow rate .....	280
allergic reactions .....	117	Falciparum malaria — treatment .....	303
Allergic reactions of the immediate type .....	117	Fetal abdominal areas — ultrasonic measurements .....	207
Althesin infusion in the treatment of convulsions .....	178	Fibrothorax (unilateral calcified) with cor pulmonale .....	63
Althesin (intra-venous) as an adjunct in neuro-		Foeto — maternal transfusion .....	381
anaesthesia .....	27	Gastrointestinal haemorrhage .....	124
Altitude decompression sickness .....	350	Glucose monitoring (home) in diabetic children .....	41
Anaesthesia — vomiting .....	360	Glycosylated haemoglobin and diabetic control .....	210
Anti-cholinesterase drugs in treatment of puffer fish		Gonorrhoea — treatment with cefotaxime .....	11
poisoning .....	168	Group psychotherapy amongst university students .....	202
Anti-thrombin III levels in coagulation disorders .....	33	Guillain — Barre Syndrome — rehabilitation .....	289
Asthmatic children — plasma theophylline levels .....	276	Haemo — glukotest 20-800 test strip .....	67
Atenolol in treatment of hypertension .....	307	Haemogram in diagnosis of acute typhoid fever .....	161
Augmentin in treatment of urinary tract infections and		Hallucal sesamoid — traumatic dislocation .....	59
skin and soft tissue infections .....	299	Herpes zoster in patients with systemic lupus	
Bacampicillin and propulsive load administration .....	82	erythematosus .....	218
Bacteremia and positive blood cultures — clinical		Histamine-induced dermal weals and pruritus .....	163
evaluation .....	128	Hospital management of infectious diseases .....	221
Bilateral amputee — rehabilitation .....	172	Hybridoma technique in the production of monoclonal	
Bile (limy) .....	374	antiplatelet antibodies .....	31
Birth weights .....	145	Hydatid cyst (pulmonary) .....	48
Blast injuries of the ear .....	367	Hypertension — treatment with atenolol .....	307
Blood cultures and bacteremia — clinical		Hyperthyroidism and myotonic dystrophy .....	309
evaluation .....	128	Hyponatraemia (severe) — clinical study .....	99
Blood glucose monitoring without a meter .....	67	IgA nephropathy .....	109
Blood glucose test strips (stable) and reflectance meters ...	45	Infectious diseases — management .....	221
Calcified fibrothorax (unilateral) and cor pulmonale .....	63	Investigation (unnecessary) in medical practice .....	243
Cancer patients — changes in oral environment .....	158	Kocher clamp (filed) for circumcision .....	113
Carpal tunnel syndrome .....	175	Lead poisoning (industrial) .....	115
Cefotaxime in treatment of gonorrhoea .....	11	Liaison psychiatry .....	269
Cervical adenocarcinoma .....	377	Life expectancy in Singapore .....	71
Cervical neoplasia — colposcopic diagnosis .....		Limy bile .....	374
Chemotherapy (adjuvant) for osteosarcoma .....	95	Loperamide intoxication in a baby .....	227
Cholesterol levels (total) and serum vitamin C .....	150	Lung adenocarcinoma and meningeal carcinomatosis .....	166
Choreoathetosis and seizures associated with systemic		Lung cancer and vitamin A levels .....	285
lupus erythematosus .....	56	Lymphoma (malignant) in children .....	140
Cimetidine, ranitidine and promethazine — effects on		Malaria — eradication .....	255
histamine-induced weals and pruritus .....	163	Malaria — treatment with maloprim .....	303
Circumcision using a filed Kocher clamp .....	113	Malaria (vivax) — treatment with sulphadoxine and	
Coagulation disorders and anti-thrombin III levels .....	33	pyrimethamine .....	104
Colposcopic diagnosis of cervical neoplasia .....	294	Malignant lymphoma in children .....	140
Colposcopy in the evaluation of abnormal Pap smears .....	20	Maloprim in the treatment of falciparum malaria .....	303
Convulsions and althesin infusion .....	178	Malpractice and professional negligence in the health	
Cor pulmonale and unilateral calcified fibrothorax .....	63	professions .....	180
Coxsackievirus B antibody in rheumatic heart disease .....	37	Medical registration in Singapore — history .....	314,383
Cryotherapy in surgery .....	152	Meningeal carcinomatosis from adenocarcinoma	
Cyanotic congenital heart disease — diagnosis .....	189	of the lung .....	166
Decompression sickness .....	350	Mental health in a new town .....	90
Decortication in cor pulmonale .....	63	Mental illness in the elderly .....	6
Diabetic children and home glucose monitoring .....	41	Monoclonal antiplatelet antibodies — production by	
Diabetic control and glycosylated haemoglobin .....	210	hybridoma technique .....	31
Ear injuries .....	367	Myocardial infarction .....	324
Eclampsia .....	354	Myotonic dystrophy and hyper-thyroidism .....	309

	Page		Page
Negligence in the health professions .....	180	Sodium chloride intake .....	346
Nephrolithotomy (extended) for staghorn stones .....	14	Sodium cromoglycate cream in atopic eczema .....	102
Nephrology in China .....	186	Staghorn stones and extended nephrolithotomy .....	14
Neuro-anaesthesia and continuous intra-venous althesin ...	27	Subendocardial versus transmural myocardial infarction ...	324
Osteosarcoma and adjuvant chemotherapy .....	95	Suicide and voluntary euthanasia .....	241
Oxygen sensitization in radiobiology .....	229	Sulphadoxine and pyrimethamine in treatment of vivax malaria .....	104
Pap smears (abnormal) evaluation through colposcopy .....	20	Symptoms and peak expiratory flow rate .....	280
Peptic ulcer — mortality .....	333	Systemic lupus erythematosus associated with choreoathetosis and seizures .....	56
Peptic ulcer — treatment with trimipramine .....	343	Systemic lupus erythematosus patients with herpes zoster .....	218
Plasma theophylline levels in asthmatic children .....	276	Theophylline and expiratory flow rate .....	280
Positive blood cultures and bacteremia — clinical evaluation .....	128	Transmural myocardial infarction .....	324
Post-operative elective ventilation .....	23	Traumatic dislocation of the hallual sesamoid .....	59
Propulsive load administration and bacampicillin .....	82	Trimiparine in treatment of peptic ulcer .....	343
Psychotherapy (group) amongst university students .....	202	Typhoid fever (acute) — diagnosis using haemogram .....	161
Puerperal psychiatric illness .....	357	Ultrasonic measurements of fetal abdominal areas .....	207
Puffer fish poisoning — treatment with anti- cholinesterase drugs .....	168	Unilateral calcified fibrothorax with cor pulmonale .....	63
Pulmonary effects of exposure to nitrous fumes .....	312	Unnecessary investigation in medical practice .....	243
Pulmonary hydatid cyst .....	48	Upper airway obstruction .....	213
Radiobiology and oxygen sensitization .....	229	Urinary tract infection following abdominal delivery .....	224
Reflectance meters and stable blood glucose test strips .....	45	Urinary tract infections — treatment .....	299
Renal failure (acute) .....	1	Ventilation (elective) after operation .....	23
Rheumatic heart disease and prevalence of coxsackievirus B antibody .....	37	Ventilatory function in Malay office workers .....	135
Serum vitamin C and total cholesterol levels .....	150	Vitamin A levels in lung cancer patients .....	285
Skin and soft tissue infections — treatment .....	299	Vomiting after anaesthesia .....	360
		Wounds (penetrating) of the abdomen and chest .....	337
