

**ARE THE DEMOGRAPHIC AND CLINICAL FEATURES OF PATHOLOGICAL GAMBLERS
SEEKING TREATMENT IN SINGAPORE CHANGING?**

Lee K M, Guo S, Manning V, Thane K, Wong K E

Singapore Med J 2011; 52(6): 428-431

On page 428, right column, 2nd last line of the 2nd last paragraph, the correct percentage reported for “alcohol abuse or dependence” should be (4.7%).

The authors apologise for the error.

Editor’s note: The corrected version is available online at: <http://smj.sma.org.sg/5206/5206a6.pdf>
