

THE SINGAPORE MEDICAL JOURNAL REVIEWER RECOGNITION AWARDS

The successful publication of a peer-reviewed journal such as the Singapore Medical Journal (SMJ) requires substantial contribution of time and effort by numerous reviewers. Our dedicated Editorial Board members are already recognised each month on the SMJ masthead. I am pleased to specially highlight an additional group of individuals who will now receive well-deserved credit for the high quality of their timely, detailed, and scholarly reviews, i.e. the recipients of the 2006 SMJ Reviewer Recognition Awards. Each award recipient will receive a Certificate of Reviewing with Distinction and a letter of congratulations, underscoring the importance of reviewing as an academic and professional activity. Note that the individuals listed on the 2006 masthead of the SMJ were not eligible for these awards.
